

# Antibiotic Resistance and You!

**It affects you, but do you know how?  
Come and join the discussion on how we can work together  
to combat antibiotic resistance!**

London: 24 February 2016, John Hunbury Lecture Theatre, UCL School of Pharmacy, London, UK

Duration: 2 hrs and 45 min

17.15 – 20.00hrs

1715 **REGISTRATION AND COFFEE**

1800 **WELCOME & OVERVIEW**

Why you are here and what do we want to achieve?

*Professor Anthony Kessel, Director of Public Health Strategy at Public Health England*

1810 **ALL ABOUT ANTIBIOTICS – HOW THEY HAVE CHANGED OUR WORLD**

10 minute presentation by Laura Piddock ending with embedded talking heads film entitled **Thank you antibiotics!**

*Dr Nicolas Brown, Consultant Medical Microbiologist, Addenbrooke's Hospital | Cambridge University Hospitals*

1825 **LET'S TALK ANTIBIOTIC RESISTANCE!**

What is it?

Where does it come from?

What effect does it have?

How has it reduced our ability to treat infections?

Why we need to tackle the problem of resistance to make sure that antibiotics can keep saving lives.

What does it mean for YOU?

*Professor Alan Johnson, Head, Department of HCAI & AMR National Infection Service, Public Health England*

1840 **THE EFFECTS ANTIBIOTIC RESISTANCE CAN HAVE**

Let's look at what antibiotic resistance really means for you-based on real life stories. This film presents personal stories about the hardship and devastation antibiotic resistance can cause.

1900 **AUDIENCE AND PANEL DISCUSSION:**

We are all essential to solving the problem of antibiotic resistance – this is your opportunity to help us find the solution

*Confirmed panel members:*

*Dr Diane Ashiru-Oredope, Pharmacist Lead, Public Health Strategy, Public Health England & DH ARHAI and Chair, Antibiotic Guardian campaign*

*Victoria Wells, Science Communications Officer, British Society for Antimicrobial Chemotherapy*
